ENGLISH - Lyrics by: Don Rockwell
1960s

There you go, Astroboy,
On your flight into space.
Rocket hi-gh, through the sk-y,
For adventures soon you will face.

Astroboy bombs away,
On your mission today.
Here's the count-down, and the blast-off.
Everything is go, Astroboy!

Astroboy, as you fly,
Strange new worlds you will spy.
Atom ce-llcd, jet propel-led,
Fighting monsters high in the sky.

Astroboy, there you go,
Will you find friend or foe.
Cosmic ran-ger, laugh at dan-ger, everything is go, Astroboy!
Crowds will cheer you, you're a he-ro, as you go, go, go, Astroboy!

1980s

Soaring high in the skies,
He may be small, but only in size.
AstroBoy, AstroBoy,
He is brave, and gentle, and wise.

Stronger than all the rest,
This mighty robot will pass the test.
All villains fear him, so we cheer him,
The amazing AstroBoy.

When you need someone strong,
Our robot friend is there before long,
AstroBoy, AstroBoy,
He will try to right any wrong.

When there's danger nearby,
No matter who, what, where, or why,
He will defend us, he'll befriend us,
The amazing AstroBoy.
